

[00:00:00] Hi, it's Scott Cervine, director of Think and Grow Rich, the Legacy.

[00:00:03] Thank you for joining the Think and Grow Rich Movement. We've emailed you access to everything you need.

[00:00:08] Here's the truth, we are so grateful to have you with us at the ground level, as we grow into this worldwide movement.

[00:00:14] You know as filmmakers, it's our job to think pretty big.

[00:00:17] We've got to come up with stories that inspire people, to light them up from the inside out.

[00:00:21] it's also our chosen quest to think big with how we want to impact the world with this content and we're so glad to have you in it with us.

[00:00:29] You know when you're a filmmaker and you're making a movie, you have to have a lot of authenticity, you have to lead with that because the audience knows, they know if you're speaking truthfully up there on the screen but in this situation it's more than that it's the fact that we have this global audience that is emerging.

[00:00:45] Do you any idea how much you, the audience has inspired us already and the fact that we can have a miraculous collision, creatives and audience, audience and creatives, back and forth. That's what makes this journey so special and that's why we're so excited to have you here.

[00:01:00] Thank you from the bottom of our hearts, we want to show a step-by-step process of how to live a rich life.

[00:01:07] Not so much focused on being rich, it's living a rich life on all levels. That's what we're up to, specialized knowledge is one of the principles is so important and when you make that definite decision to grow your knowledge base, to grow your entrepreneurial skills, to reach out and become more than you were.

[00:01:25] You're actually pre paving your own future, there is no better investment, there is no better way to use your time than that and at the end of the day, it is the one investment that no one can take away from you.

[00:01:35] We want to grow with you we want to provide you with the toolbox to equip you, to achieve boundless success in all areas of your life.

[00:01:43] This right here right now, just the beginning you know what I'm looking forward to almost more than anything sharing a bright future together.

[00:01:51] Watching as your dreams turn into your inevitable reality, that's why we're here, that's why we're doing what we're doing, every day and we're so excited to be doing it in concert with you.
